DR. ROGERS' COMPOUND SYRUP

OF Liverwort and Tar.

THE HISTORY OF THIS MEDICINE is briefly told. It is prepared mostly from a Recipe furnished by the late distinguished Professor Rogers, after many years of investigation and research, and is the one employed by him in his own practice, and that occasioned his unparallely led success in curing all complaints of the Throat and Lungs. For four years past, the proprietors have been putting up Dr. Rogers' Compound Syrup of Liverwort and Tar, in Cincinnati, Ohio. From this point, it has been distributed extensively over all the western and south western ern states. Hence the reason why so many of our Certificates are dated at Cincinnati, where the medicine is best known, and has been most fully tested. The first year, its sales amounted only to about 4,000 bottles; but such was its astonishing success in curing the complaints for which it is recommended, that it soon acquired

an immense popularity, and the present year its sales will exceed 250,000 bottles. Nor is the demand for it confined to the western states. Its reputation is spreading over the whole Union. Although it has never been advertised at all, or even offered for sale in New England, the proprietors have this day received an order from Bangor, Me. A few days since, they received one from Lowell, Mass —also one from Palmyra, N. Y, and another from Columbus. Geo. And it is because the demand for this medicine from abroad is so great that the proprietors cannot supply it from Cincinnsti, that they have now entered into extensive arrangements for manufacturing the article in this city, deeming it their solemn and imperious duty to put within the reach of every member of community, a medi-cine which will not only break up the most dis-tressing Cough in a few hours time, but which will really and radically cure the incipient stages

PATRIOT, Gallia Cd. Ohio, Sept. 1, 1856.

G-Dr. Rogers' Liverwort and Tar. This medicine has recently come under my observation, not because I sought for it, but merely by accident, viz., in the case of the lady of the Rev. H. Wiseman. whose family physician I have been for twelve years, during the whole of which time Mrs. Wiseman has been in feeble health, and under the later than the second of the later than the lat der medical treatment, the main difficulty in her case being weak and diseased Lungs. Her cough gradually grew worse, and early in the spring of 1845, her situation became alarming. I attended her carefully, and employed all the known reme-dies of Therapeutics, which only gave partial relief. Mrs. Wiseman had become emaciated and worn down, all the symptoms of pulmonary consumption appearing present. I was compelled at this period to leave on business, and Mr. Wiseman wished me to obtain a bottle of the Balsam of Wild Cherry, thinking it might palliate her symptoms during my absence. But when in Gallipolis, before I had fulfilled my commission, I accident ally cast my eye upon a notice of Dr. Rogers' Liverwort and Tar, and it occurred to me that if any medicine would secure the object proposed. THE action which the lady, and after several days' absence, to my astonishment, she declared herself almost well In this case, it really acted like a charm. I have cle, demonstrates its no doubt of its virtues, and would cheerfully recommend it to persons suffering with disessed Lungs. Yours, H. R. WILSON, M. D. It is Lungs.
